I found a vagrant near the overpass at American River Drive and Watt Avenue. I told her to vacate immediately. She wasn't 100% receptive to my orders. She was gone when I returned later in the day, but her junk remained. I contacted the Homeless Outreach Team (HOT), who will address this on Monday.

In response to complaints about cars parking in front of homes on Wixford, I monitored the area and gave notice to one person whose car was parked too close to the intersection. They promptly departed.

At 11:17 p.m. a member on Los Rios reported that a known homeless man was seen sitting around Del Dayo Elementary School and the 1200 block of Los Rios. I arrived with a patrol partner, but the transient was already walking away on McClaren. I assured the reporting member that no crime had occurred. I then caught up with the transient at Arden Way and Kingsford and reminded him about our neighborhood patrols and advised him that he should not be hanging out on school property or going to people's doors asking for

money late at night. He said was going back to his father's home near Watt Avenue. I remained in the area for a while to make sure that he did not circle back into the neighborhood.

Saturday, 8 a.m. – 4 p.m., Oct. 3

I patrolled the neighborhood and completed all 36 vacation watch checks. All homes were secure.

I followed up to see if the Homeless Outreach Team (HOT) had addressed the report I had made last week regarding an illegal campsite at the American River Drive and Watt Avenue overpass. I had contacted campers at that site previously and told them to leave. Some individuals also had been trolling along American River Drive dragging what appeared to be garbage. When I checked, I saw that the entire area had been cleared of the problem transients and of the trash. Awesome job HOT team!

I responded to Woodacre Court, where a member had reported what he believed was an illegally parked vehicle. The Friday night deputy had checked and determined that the vehicle was legally parked. I attempted an in-person contact with the reporting party, but no one answered. I contacted parking enforcement to add the vehicle to their list for a possible 72-hour parking notice. I also sent the concerned resident an email advising that he should contact parking enforcement, because they track such vehicles and do follow up.

While checking homes on Haggin Grove, I saw a vehicle that was parked illegally and was blocking a fire hydrant. I knocked on a few doors, found the owner and advised him of the violations and the potential fine. He was gracious and immediately moved his car.

Sunday, 12- 6 p.m., Oct. 4

I responded to an email that had been sent last night regarding a homeless man who had been using a Port-O-Potty located on Del Dayo Drive. I advised the reporting party to call the Sheriff's non-emergency line to report immediate issues. If a WDDNA deputy is available, he will respond immediately. If there is no WDDNA deputy on duty, an out-of-area unit will be assigned.

I checked the river access points and Ashton Park multiple times. Ashton Park was very busy with soccer games and parties, but there were no problems to report.

I monitored the intersection at American River and Saverin Drive. I issued a verbal warning to an elderly driver who failed to come to a complete stop at the stop sign.

I monitored American River Drive at Kingsford Drive and American River Drive at Saverien Drive, but did not observe any traffic violations.

Toward the end of my shift, I responded to a report of a man who was soliciting door-to-door on Wycombe Drive. I arrived within a couple of minutes and contacted the man on Wycombe at Thornley. He said that he had just finished some handyman work for a homeowner on Wycombe and was looking for additional work. He had no criminal history, so I advised him to leave the area. He was cooperative and left in his vehicle.

It was a busy shift. There were lots of noise-related calls for service and an unusually large number of cars traveling through the area.

At 9:20 p.m. I heard a loud explosion. It sounded like a transformer exploding or a car accident or loud firework going off near Shelato and McClaren Drive. A number of residents also reported hearing it. I spent time looking, but was unable to locate the source.

At 9:45, someone called 911 to report being locked in behind the gate at William Pond Park. I drove over to let them out, but they were already gone, even though the gate was locked.

At 9:30 p.m. there was a report of a loud party on Brompton Court and Paisley Way. I was not able to respond until after I cleared the William Pond Park call. The complainant was concerned because the house on Paisley seems to be having more frequent loud parties. She said she saw someone urinate near the party house and then peel out in a white truck. When I arrived, the house was quiet. I spoke with a woman who came to the door. She was polite, but said she only had a few friends over and that no one was being loud. I told her about the man with the white truck.

At 10:15, I responded to a report of a loud party in the 1300 block of Meredith Way. About a dozen college friends were enjoying the backyard and their voices carried well at night. I advised them to keep the noise down or move inside the house. They were respectful and said they would quiet down.

At 12:04 a.m., there was a report of five loud explosions near Coolley Way and McClaren Drive, followed by two more farther away. I checked the area, but did not hear or see anything suspicious.
